50 Foundations in Illinois

1) Abbott Laboratories Fund

Dept. 379, Bldg. Apt. 6D

100 Abbott Park Rd.

Abbott Park, IL 60064-3500

Telephone: (847) 937-7075

Contact: Cindy Schwab, V.P.

URL: http://www.abbott.com/community/lab_fund.html

Donor(s): Abbott Laboratories.

Type of grantmaker: **Company-sponsored foundation.**

Background: Incorporated in 1951 in IL.

Purpose and activities: In the area of education, support for institutions whose programs and services possess the potential of providing both long-term and short-term benefits to the health care industry and its employees, including basic research in the physical and biological sciences, medicine, pharmacy, nutrition, and diagnostics. Support also for institutions of higher learning that are potential sources of professional, management, and technical personnel for the health care industry. Priority will be given to organizations serving communities in which Abbott has significant operations or employee populations; to institutions that provide education or service to present or potential employees of Abbott; and to organizations whose activities are directed toward the support of professions that provide health care or other services in fields related to Abbott's areas of operation.

Program area(s): The grantmaker has identified the following area(s) of interest:

Civic Affairs: Support will be considered for agencies operating in the fields of administration of justice, public service, and social policy.

Culture and Arts: Supports organizations providing cultural enrichment in communities with a high concentration of company employees.

Education: Support for institutions whose programs and services possess the potential of providing both long-term and short-term benefits to the health care industry and its employees, including support for institutions of higher learning that are potential sources of professional, management, and technical personnel for the health care industry; and basic research programs in the physical and biological sciences, medicine, pharmacy, nutrition, and diagnostics.

Employee Matching Gifts: Matches gifts from employees and retirees of Abbott Laboratories and its participating subsidiaries to elementary and secondary schools, junior colleges, four-year colleges and universities, graduate or professional schools, private and parochial schools, hospitals, and public broadcasting stations. Gifts may range from \$25 to \$5,000, per employee, per year, and are matched on a one-to-one basis.

Health and Welfare: Support to individual hospitals

and other health care institutions will be primarily to improve the services and facilities of those most frequently used by employees of Abbott and their families. Contributions directed toward support of agencies working primarily with disadvantaged youth and senior citizens, and to improve the socioeconomic position of women, minority, and immigrant population groups, especially in geographic areas with which Abbott Laboratories has close association, will also be considered on an individual or specific need basis. Generally, contributions in this category will not be made to solely national agencies conducting annual public drives for funds; however, on a selective basis, support may be given to such agencies for specific and well-defined programs.

United Way: Support for federated or community drives that fund local institutions in those communities in which Abbott has significant operations or concentration of employees. The amount of support to specific United Way campaigns will be determined based on the number of employees living in the areas served by the agencies and the level of employee support of such campaigns.

Fields of interest: Arts; [Elementary/secondary education](#); Health organizations; Higher education; Human services; Medical research; Science.

Types of support: [Continuing support](#), Employee matching gifts, [General/operating support](#), Research, Scholarship funds.
